

Consultant Occupational Physician – North West

Healthwork Ltd. is an exciting provider of innovative, flexible and high quality occupational health and safety services. We provide a full range of occupational health and safety services to a variety of organisations including fire services, police forces, local authorities, NHS trusts and a wide range of private sector employers.

Due to rapid expansion and an increased request for our services from existing clients and from new clients, we are seeking to appoint a Consultant Occupational Physician to work out of our Manchester office. The ideal candidate will have excellent communication skills, have the ability to work effectively in a team, will be willing to travel and possess an occupational health qualification of MFOM or FFOM. You will be joining our dynamic team of Occupational Physicians and experienced OHAs. You will be responsible for the provision of occupational health services to our clients.

In return, we offer an excellent remuneration package, payment of professional subscriptions, flexible working arrangements, career development opportunities, and the opportunity to be actively involved in the expansion of a new occupational health company. Our main strength for physicians is the excellent clinical support provided by senior occupational physicians and close collaborative team-working. Our philosophy is that our clinicians operate in an unstifled environment that fully supports clinical autonomy and clinical governance.

Please apply in writing with a letter & a CV to:
